

Here is a summary of the first 6 projects listed on your current search page:

1) PropTech GTM Brand Awareness Plan

Budget: RS 25,000 – Rs 75,000

Summary: Looking for a Go-To-Market strategy focused primarily on brand awareness and positioning for a new PropTech platform.

Project Details

I need a concise Go-To-Market strategy that makes our new PropTech platform impossible to miss in the marketplace. The single-minded objective is brand awareness; leads and revenue will follow once people know who we are and why we matter.

Here is what I'm looking for:

- A clear positioning framework that tells a compelling story to property owners, tenants, and investors.
- Channel-specific tactics for social media, content marketing, and public relations—complete with sample post ideas, editorial angles, and pitch hooks I can hand straight to my team or an external agency.
- A 90-day rollout timeline showing what happens week by week, including KPIs I can track to confirm awareness is growing.
- Guidance on the tools, hashtags, media outlets, and influencer partnerships that will give us the fastest lift at the lowest cost.

I'll supply access to our product deck, user personas, and any current brand assets as soon as we start. I'm happy to answer questions quickly so you can move fast, but I expect the final playbook to be clear enough that even a junior marketer could execute it without guesswork.

2) European Manufactured Goods Client Acquisition

Budget: ₹75,000 – ₹150,000 INR

Summary: Seeking an experienced business agent to handle client acquisition and secure long-term buyers across European markets for an export operation.

I run an export operation focused on high-quality manufactured goods and I am ready to establish a solid customer base across Europe. To achieve this, I need an experienced business agent who excels at client acquisition within European markets.

Your goal is to identify and secure new, long-term buyers for my product line. You should already understand European import procedures, be comfortable negotiating supply agreements, and have a proven network—or a strategy to quickly build one—among distributors, wholesalers, or large retailers.

Key Deliverables:

- A vetted list of prospective European clients (company name, decision-maker contact, and qualification notes).
- An outreach plan tailored to each prospect, including the preferred communication channel and proposed value proposition.
- Regular progress updates with meeting schedules, feedback from prospects, and next-step recommendations until initial purchase orders are obtained.

Success will be measured by the number of qualified leads converted into active customers and the size of the first purchase orders. If you are confident you can open doors for my manufactured goods in Europe, I look forward to seeing how you will make it happen.

3) High-Impact Short Video Ads Creator for Different Social Media Platforms

Budget: Rs 75,000 – Rs 1,50,000

Summary: Needs a video creator and editor to produce short-form video ads for Instagram Reels, Facebook Stories, TikTok, and YouTube Shorts.

Job Overview:

We are seeking a fast, creative, and performance-driven Freelance Video Creator & Editor to produce high-impact, short-form video ads (Instagram Reels, Facebook Stories, TikTok, and YouTube Shorts/Pre-rolls).

Your core objective will be creating engaging 9:16 and 1:1 video assets designed specifically for Paid Ad Campaigns (Meta Ads, TikTok Ads, YouTube Ads) to drive people registrations and ticket sales.

Key Scope & Deliverables:

Paid Social Video Ads (9:16 & 1:1 Formats):

- **Hype & Teaser Clips (15–30 sec):** Edit high-energy promotional teasers featuring The Agenda (Dubai) venue, championship atmosphere, trophies, and cash prizes.
- **Category Breakdown Videos (15 sec):** Produce snappy, clear promotional clips explaining competition divisions.
- **Direct Response Ad Creatives (6–10 sec):** Edit short, punchy ads with strong hooks and clear Call-To-Actions (CTAs) for ticket sales ("Book Your VIP Seat") and athlete sign-ups ("Registration Closing Soon").
- **Judge & Athlete Spotlights:** Create polished promo clips introducing international judges and featured elite athletes.

Ad Optimization & Reformatting:

- Reformat, trim, and optimize all raw video footage into platform-specific ad aspect ratios (9:16 Vertical for Reels/Stories/TikTok, 1:1 Square, 16:9 Landscape for YouTube).
- Add attention-grabbing text overlays, subtitles, captions, dynamic transitions, and trending background audio tailored to fitness audiences.

Application Requirement – Sample Work:

Please include links to 2–3 specific video samples from your past work that best demonstrate:

- A short-form video ad (Reels/TikTok/Shorts) with high-energy editing, motion titles, and subtitles.
- A fitness, sports, or event-based promo edit (if available).
- A 9:16 vertical video designed specifically to drive action (with a clear Call-To-Action overlay).

Note: Submissions without direct video links or showreels will not be considered.

4) Instagram Outreach Assistant – 6-Day Project | \$17 Fixed Payment

Budget: Rs 1,000 – Rs 3,000

Summary: A 6-day task requiring an assistant to handle account outreach (follows, messages, and unfollows) using the client's Instagram account.

I will share my Instagram account with you, and you will perform the tasks below using my account. All follows, messages, and unfollows must be completed through the account I provide.

Project Duration:

- Duration: 1 week
- Working schedule: Almost every day
- Total working days: 6
- Total payment: \$17

Task Overview:

- Follow target users
- Send the initial messages
- Unfollow users
- Submit daily work

1. Follow Target Users

- 70 follows per working day
- 6 working days
- Total follows: 420

Target Audience:

- American women, ages 18–22

You do not need to search for users from scratch. The Instagram accounts already follow many users in this target audience, so Instagram's suggested users will usually match the target demographic.

Please occasionally check that the suggested users are still within the target audience.

2. Send Messages

If a user follows you back, send the following message exactly as written. Replace "[Her Name]" with the person's first name: *Hi, [Her Name]! Are you a [The university's name] student?*

3. Unfollow Users

Regularly unfollow users as instructed to keep the Following/Follower ratio balanced.

If the number of accounts you are following becomes much higher than your followers, the follow-back rate may decrease.

Safety Rules:

To reduce the risk of Instagram restrictions, you must follow these rules exactly:

- Do not follow all 70 users at once.
- Split the work into 2 sessions of 35 follows each.
- Leave at least 3 seconds between every follow.
- Leave at least 3 hours between the two sessions.
- Do not follow users too quickly.
- If Instagram shows any warning or restriction, stop immediately and let me know.

4. Daily Proof of Work

Record your screen for each session, and submit the screen recording immediately after completing that session.

Payment Schedule:

- \$8 after completing the first 210 follows.
- \$9 after completing all remaining follows.
- **Total payment: \$17**

Skills Required

- [Content Creation](#)

5) Instagram Account Management

Budget: Rs 1,000 – Rs 3,000

Summary: Identical task outline to the outreach project above, focusing on 6 days of managing account interactions and outreach on Instagram.

I will share my Instagram account with you, and you will perform the tasks below using my account. All follows, messages, and unfollows must be completed through the account I provide.

Project Duration:

- Duration: 1 week
- Working schedule: Almost every day
- Total working days: 6

6) Cold Calling Executive for Web Agency

Budget: ₹600 – ₹1,500 INR

Summary: Looking for a persuasive cold caller to reach out to local businesses (salons, clinics, restaurants) to pitch affordable website design services.

We build affordable, professional websites for local businesses — salons, clinics, gyms, restaurants, and other service providers — helping them get discovered online and win more customers. We're growing fast and looking for a confident, persuasive cold caller to join our team.

Role Overview:

As a Cold Calling Executive, you'll be the first point of contact between us and potential clients. You'll call local business owners, introduce them to our website-building services, explain how a professional website can grow their business, and convince them why we're the right choice.

Key Responsibilities:

- Make outbound calls to local businesses (salons, clinics, gyms, restaurants, etc.) from provided lead lists.
- Clearly explain our website-building services and pricing (setup + maintenance plans).
- Highlight the benefits of having a website — more visibility, credibility, online bookings, and customer trust.
- Handle objections confidently (e.g., "I don't need a website," "It's too expensive," "I'll think about it").
- Schedule follow-up calls or demo sessions for interested leads.
- Maintain accurate call records and lead status in Google Sheets/CRM.
- Follow up with warm leads via WhatsApp/call until conversion.
- Meet daily/weekly call and conversion targets.

Requirements:

- Good communication skills (Hindi/Marathi/English as needed for local businesses).
- Confident, persistent, and comfortable with rejection.
- Basic understanding of sales or willingness to learn a script.
- Smartphone and stable internet/calling setup.
- Prior telecalling/sales experience is a plus but not mandatory.

What We Offer:

- Fixed pay + attractive incentives per successful conversion.
- Flexible working hours.
- Training on call scripts, objection handling, and product pitch.
- Growth opportunity into sales team lead role as the business scales.
